

Indian Racing Jerseys

Made Like Original

Made To Order

Many Different Colors

Customizable

Our reproduction Indian Racing Jerseys are copied from one style of the original racing jerseys. Made just for you, in the colors you choose and several different combinations of appliqués, Indian script, model, year, etc. We offer a range of sizes from XS to XXL which run about one size larger than normal, but we can do any size, and we can adjust if you're tall or short. Material varies depending on color, however most colors are 95% cotton and 5% spandex, this makes a very comfortable shirt.
